

Blockchain Technology in Supply Chains Stakeholders Workshop

Solutions and Challenges

Sun. 23 October 2022

Venue: TASMU Innovation Lab, MCIT Qatar
Al-Nasr Tower B, iLab 21st Floor

Dr. Khalid Kamal Naji
Dean of the College of
Engineering, QU

Ms. Eman Al-Kuwari
Head of Emerging Technology
MCIT

Dr. Ali Alaboudy
Senior Expert, QNRF

Mr. Adnan Al-Banna
Manager Support Services, Milaha

Dr. Abdelaziz Bouras
PreAward Manager, Office of
Research, QU

The focus of this workshop is to showcase a developed Blockchain research framework and its applications in the context of supply chains. Recent and future Blockchain Technology innovations, as well as their interoperability challenges and foreseeable impact will be discussed. This workshop is the second event in the series, after an initial successful workshop organized with end-users, mainly focusing on the challenges and the requirements from the application and research perspectives, to better integrate blockchain technologies.
